A package to India

R.E. Rogers India was incorporated in 1986 with a vision of handling exhibition cargo in India and abroad.

Since inception, we are the market leaders in this growing and complex industry-providing services to organizers, venues, governments, trade associations, exhibitors and event managers globally. In recent years, we have also expanded into areas as defence, sports and entertainment events.

Having our own infrastructure in all the major hubs of the country, we also have all relevant accreditations of quality, environment and health / safety.

In addition, we play a very prominent role in the national / global fraternity as leading members of various key associations.

Raghav Khosla

MESSAGE FROM THE PUBLISHER

I am delighted to share the 1st Edition of India Exhibition Directory. Exhibition Showcase has been striving tirelessly to serve best the interests of Indian Exhibition Industry by promoting it among the stake holders and the government alike. The directory is an attempt to bring together the information relating to upcoming exhibitions and service providers across different cities in the country and provide relevant content in one place to all those who are looking for this information.

Exhibitions and Conventions are a complex activity. It operates in a huge and dynamic ecosystem that includes The Organizers, The Service Providers, The Exhibitors and The Visitors. The directory contains information about upcoming events across different industries and cities during 2016-2017. There are several allied industries that operate in this industry as service providers. These may be structure suppliers, event venues, stall designers, production agencies, catering agencies, Travel Agencies, Carpets, Audio Visual Suppliers, Professional Conference Organizers, manpower agencies etc etc. The directory provides details of all these service providers across major cities in India. We have tried our best to put as much information in the first edition as was possible for us in the limited time and resources. We will be back with the second edition of India Exhibition Directory that will be much more organized and elaborate.

I thank my industry friends, colleagues and seniors, who have always stood beside Exhibition Showcase and supported our initiatives. I also thank all the sponsors and advertisers who showed trust in us and helped us to make our ends meet in the production of this directory. We hope that this effort by Exhibition Showcase will be a useful initiative for the industry.

With promises to become better in future....

Regards,

Raghav Khosla
Publisher

KAI HATTENDORF

MESSAGE FROM THE UFI PRESIDENT

UFI is the association of the world's leading tradeshow organisers and exhibition centre operators, as well as the major national and international exhibition associations, and selected partners of the exhibition industry. UFI's main goal is to represent, promote and support the business interests of its members and the exhibition industry.

The continuing growth in UFI membership and UFI approved events is convincing evidence of the worldwide recognition of the value of UFI membership and it is thanks to committed members that the standards of excellence remain as prestigious as 90 years ago, when UFI was founded. Today we count 24 leading companies and industry leaders as UFI members in India from which the oldest member dates back to 2003.

Our association's strength lies in our ability to provide a platform for knowledge and experience exchange among industry peers and to support your business initiatives. One of such global platforms is the "Global Exhibitions Day" (GED) taking place on 8 June 2016. I strongly encourage everyone eager to promote the value of our industry and to share one single and cohesive voice to join our efforts and celebrate GED 2016.

While UFI supports its members to expand their networking value, it is up to everyone to actively participate and contribute to the association. It is a "Give and Take" philosophy, and we encourage our members to be part of the most brilliant givers rather than a simple taker. Being part of the UFI global network is typically described by as the most valuable element of their membership. We look forward to welcoming new UFI members from India in the near future.

Exhibition Directories are a trusted, tried and tested tool in our industry, so every initiative providing this type of information to the exhibition industry helps to connect the players in the market for the benefit of exhibition customers as well as organisers, venues, and service providers alike. Therefore we at UFI welcome this initiative from Exhibition Showcase for the Indian market. It adds nicely to the promotional work of the Exhibition Showcase publications.

Best Wishes,

Kai Hattendorf
UFI Managing Director

MESSAGE FROM IAAE PRESIDENT

As the president and chief executive of the International Association of Exhibitions and Events (IAEE), I am here to tell you that the “I” in “IAEE” is not just another letter to us. We boast more than 9,500 individual members from over 1,300 member organizations in 51 countries. The Certified in Exhibition Management™ (CEM) program is taught in 28 countries and we are proud to have more than 2,400 industry professionals worldwide with this premier designation.

This leads me to speak about how truly global in nature the exhibition industry is. From the exhibition supply chain to worldwide attendee base, exhibitions and events are a key economic driver around the world. The meetings, incentives, conventions and exhibitions, or MICE, industry is strong in India and growing stronger every year. I have travelled to India many times and I am always in awe of the rapid advancement of technology, infrastructure and professional development that I see each time.

IAEE just held its first ever Board of Directors Meeting in Hyderabad this past April where we attended the India for MICE Conclave. We were very pleased to also participate in the graduation ceremony of the first India CEM class. This class of dedicated exhibition professionals completed the CEM program in six months! This further shows the commitment and dedication of India MICE professionals to obtain the highest level of professional development in the exhibition industry. Also during this trip the IAEE India Chapter was formed with the addition of seven new companies in our membership. We now able to further support 16 organizational members with 75 member representatives in this dynamic region through local Chapter efforts.

Exhibition Showcase provides relevant updates about the exhibitions and events industry and I am pleased to be a part of its inaugural edition. I am confident that the release of the first edition of the India Exhibition Directory will provide exceptional value for the industry. My best wishes to the Exhibition Showcase Team for this great initiative.

Sincerely,
David DuBois, CMP, CAE, FASAE, CTA
President & Chief Executive Officer
International Association of Exhibitions and Events (IAEE)

MESSAGE FROM IEIA PRESIDENT

Dear Industry colleagues,

I am happy to share that Exhibition Showcase is publishing the Exhibition Industry Directory for the benefit of the Industry in India. I am sure industry colleagues will find the directory very informative and useful, and will support this wonderful initiative by listing their services and events in the Exhibition Industry Directory.

I congratulate Exhibition Showcase for this initiative and wish them all the best.

Sincerely

K.V. Nagendra Prasad
President, IEIA

N BINU

MESSAGE FROM IESA PRESIDENT

I am happy to learn that Exhibition Showcase is coming out with the first edition of Indian Exhibition Directory.

Exhibition Showcase have achieved an herculean task by bringing together all segments relating to Indian Exhibitions under one umbrella and compiling the much needed data relating to all areas of the business, be it the venue owners, exhibition organisers, various service providers and other related industries linked with exhibitions. Exhibition Showcase has brought out the Indian Exhibition Directory, recognizing the importance of Exhibition industry, which in itself is a big step forward. I am sure this Directory is informative and an excellent guide to the world of exhibitions in India and will gain appreciation from one and all.

I would like to congratulate Exhibition Showcase for the sterling work and wish success in all future ventures.

N Binu,
President,
Indian Exhibitions, Conferences &
Events Services Association (IESA)

Tent
Solutions

Jaguar Land Rover Total Brand Experience GFOS

The Goodwood Festival of Speed is one of the finest events in the racing branch. 2015 they decided to have a common exhibition stand which should provide enough space for visitor attractions and some vehicles. The huge JLR Losberger Palas pavilion was built around a large oak tree and positioned on a hill with great views over the festival. Additionally to the task to overcome the site's different levels, the challenge of the tree was met by designing the structure to fit around it, removing elements of the floor system. Moreover, the Palas Emporium, which is commonly a double-stack tent was built as a three-floor building.

DISTINCTIVE EXPERIENTIAL SPACES IN LITMUS STYLE

We create brand stories which is a unique blend of Design, Art and Technology. The result is a space that is experiential whether it is Corporate, Cultural or Thematic.

A photograph of the facade of the Make in India Centre in Mumbai, featuring a large, illuminated sign that reads "MAKE IN INDIA CENTRE". The facade is composed of a grid of perforated metal panels with intricate, circular patterns. The lighting is warm, creating a glowing effect against the blue sky.

MAKE IN INDIA CENTRE

MAKE IN INDIA CENTRE, MUMBAI-2016

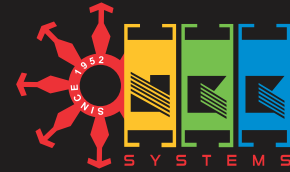

An iconic concept that will be remembered for the spatial design, faultless execution and facilities created. A milestone in temporary architecture not only for the country but for the world. A thing of beauty and a joy and pride for us.
