

IAEE Chapter Management Handbook

The purpose of the Chapter Management Handbook is to provide a guide to assist IAEE Chapters in efficient administration and management. For the most part, officers and committee chairs serve for short periods; it is therefore necessary for each one to quickly grasp the requirements of the office and do the job well. Assistance is available from IAEE Headquarters in further understanding the responsibilities set forth in this manual.

How a Chapter is organized, how it functions, and available resources from IAEE HQ are covered in the following pages. This handbook is dedicated to achieving a better understanding of chapter administration. While the ideas and suggestions contained within may be applied to every Chapter, they are not intended to represent an exhaustive list of possible activities. Obviously, no rigid set of standard practices would suit the requirements of every Chapter.

An effort has been made to present chapter guidance that offers flexibility. It is hoped that this guide will lead to greater uniformity of purpose and efficient administration, which will provide IAEE leaders, the greatest return for their efforts.

Chapter administration and activities are based on the volunteerism of its member representatives. IAEE recognizes and applauds the many talents and efforts of its volunteers who give of their time and support their Chapter and its development.

SECTION 1: IAEE INFORMATON

IAEE Mission Statement

IAEE globally promotes the unique value of exhibitions and events and is the principal resource for those who plan, produce and service the industry.

IAEE Current and Historical Information

The International Association of Exhibitions and Events (formerly the National Association of Exhibition Managers, NAEM) is an organization of members (organizations) and member representative (individuals).

Membership Eligibility is as Follows:

Industry Member – Organizations, other than Event Facility Member, engaged in the exhibition and event industry, and is located or does business primarily in North America. Dues are based on Annual Revenues derived from the exhibition industry. This classification receives one vote per member organization.

Event Facility Member – Organization, such as convention, conference, exposition center or hotel, which provide space for conducting exhibitions and buyer-seller events in North America. Dues are based on gross square footage of exhibition, conference, and meeting space. This classification receives one vote per member organization.

Industry Member Outside of North America – Organization that meets the qualifications for Industry Member or Event Facility Member, except its established place of business is outside North America. Dues are based on a flat fee. This classification receives one vote per member organization.

Other Memberships (Student, Educator, Educational Institution, Auxiliary, or Retired Member) – Individuals that meet the qualifications for student, educator, auxiliary or retired member per the current IAEE bylaws. Dues are based on a flat fee. This classification is non-voting.

IAEE was organized in June of 1928 in Cleveland, Ohio. During the next ten years, informal meetings gave way to regular conferences and the number of attendees grew steadily. At an organizing meeting in Cleveland on December 16, 1938, it was decided to form a permanent organization. Annual and semi-annual conferences were held.

In December 1946, the group incorporated as a non-profit association under the name, National Association of Exhibit Managers. To quote from their Articles of Incorporation, NAEM was formed "for the purpose of advancing the arts and sciences pertaining to education through the use of exhibits, exhibitions, expositions, and for the dissemination of knowledge and information."

To include the public and privately owned show managers with the Association, IAEE voted to change its name from "Exhibit" to "Exhibition" Managers, during their December 1966 meeting in Atlanta, Georgia.

Ten years later, during the month of December (1976) at the Atlanta, Georgia meeting, suppliers were approved as a membership category entitled "Associate Members". Since those early formative years, IAEE has realized continual growth.

IAEE currently has 16 chapters (10 domestic chapters, including five student chapters, and one international chapter). Each chapter conducts regular meetings for its membership providing a casual and productive atmosphere in order to educate and network on a local, regional basis.

Additionally, IAEE conducts various types of meetings, as well as Expo! Expo!, IAEE's Annual Meeting and Exhibition for its membership. Member representatives have education, networking, communications

and publications as a benefit of IAEE membership. The main intent is to provide its membership with real-time facts and usable knowledge concerning the exhibition industry. All of IAEE's products and services are directed at furthering our commitment to promoting professionalism in the industry.

What We Do

IAEE is the voice and leader of the exhibition and buyer-seller events industry. IAEE provides information, education, and face-to-face opportunities to build business relationships. We deliver relevant and highly focused services and activities designed to enhance and broaden the knowledge base and professional development of our membership.

Membership Profile

IAEE is composed of approximately 1,300 members (organizations) and over 9,000 member representatives (individuals) in over 50 countries. Over 50 percent of IAEE's members are directly involved in the planning, management, and production of exhibitions and buyer-seller events. The remainder of our membership consists of those who provide products and services to the industry. IAEE values and promotes diversity of membership, in terms of company size, products, and geographical area. Each active member organization is given one vote, regardless of size.

Leadership

IAEE is represented by a 15-member volunteer board of directors, elected by the general membership. The board of directors provides strategic direction carried out by the President and CEO, and professional staff of twenty-three.

Membership Dues

When an organization pays dues to IAEE, it becomes the “member.” Dues are based on factors other than number of individuals. Therefore, all exhibition and event industry staff can enjoy the benefits of membership without additional financial consequences.

All IAEE dues categories enjoy the resources of local chapter membership and membership in the Center for Exhibition Industry Research (CEIR).

Membership Dues Categories:

- **Industry Member:**

Organization, other than Event Facility Member, engaged in the exhibition and event industry (hereinafter referred to as “industry”), and is located or does business primarily in North America. Dues are based on Annual Exhibition and Event Revenues derived from the industry. This classification receives one vote per member organization.

“Annual Exhibition and Event Revenue” is defined as income received from your exhibition(s) and event(s), or if a supplier, revenue related to the industry, for the last completed fiscal year.

Show and Event Organizers: For those shows or buyer-seller events owned by an organization, include exhibition and event revenue related to each show/event owned. If shows are only fee managed, include only exhibition and event revenue that is recognized by the organization (i.e. management fees, etc.).

Suppliers: Include all related revenue from sales, rentals, leases, etc., as well as service revenue (manpower).

CVBs: Use annual operating budget in support of the exhibition and event industry, as basis for dues calculation.

- **Event Facility Member:**

Organization, such as a convention, conference, exposition center or hotel, which provides space for conducting exhibitions and buyer-seller events in North America. Dues are based on gross square footage of exhibition, conference, and meeting space. This classification receives one vote per member organization.

“Gross square footage” defined as the total square footage available for use for meetings, buyer-seller events, and exhibitions. Any organization that may be classified under either of the categories may use either method of dues calculations.

- **Industry Member Outside North America:**

Organization that meets the qualifications for Industry Member or Event Facility Member, except its established place of business is outside North America. Dues are based on a flat fee. This classification receives one vote per member organization.

- **Auxiliary Members:**

Individuals who have an interest in the purpose of IAEE but do not otherwise qualify for voting membership. Auxiliary Members shall not be entitled to vote, serve on committees, or hold office or be a Director of IAEE.

- **Other Memberships (Student or Retired Member):**

Individuals that meet the qualifications for student, educator, or retired member per the current

IAEE bylaws. Dues are based on a flat fee. These classifications are non-voting.

- **Educator – Individual or Organization:**

Currently defined as a Faculty Member, this is a member who is teaching or directing a program at a college or university approved by the IAEE Board of Directors. Regarding Faculty Membership for individuals employed as faculty in post-secondary academic programs, their main employment, remuneration, direction, and efforts must be in a recognized academic institution and they must be considered an employee with their institution.

- **Corporate Event or Exhibit Marketer:**

For individuals or organizations that use or create experiential events to market programs, products and/or services to both business-to-business and business-to-consumer organizations. If the organization produces its own event, that would take precedence over Corporate Event or Exhibit Marketer, and they would then fall under the Industry Member category.

IAEE Diversity Statement

The International Association of Exhibitions and Events (IAEE) values diversity and inclusiveness. IAEE provides opportunities to all persons who wish to participate in the activities of the association without regard to race, gender, creed, age, sexual orientation, national origin, or disability.

IAEE's leadership recognizes their responsibility to provide resources and support to achieve this goal. IAEE seeks individuals and groups that may have been under-represented within the membership and leadership of the association.

IAEE encourages its members and the exhibition industry to maintain these objectives in the conduct of their own business by creating an environment that allows all people the opportunity to reach their full potential in the pursuit of corporate objectives.

IAEE Code of Ethics

IAEE members pledge to conduct themselves professionally with honesty and integrity in their business practices.

We will carefully monitor conduct by asking:

- Is this legal?
- Is there sufficient disclosure of essential facts so that the parties can make informed choices?
- How will it make me feel about myself, my organization, and my industry?

In the conduct of our business, we will aim to treat others as we would expect others to treat us.

Antitrust Issues

An association provides its members and member representatives with a forum where antitrust transgressions can occur, even though unintentional. Extreme care must be exercised to avoid policies, programs, dialogues, or pursuits, which could be seen as having an intention or result of restraint of trade. If more information is needed, the Internet has executive summaries of the Acts below.

Basic federal antitrust statutes are the:

- Sherman Antitrust Act
- Clayton Act
- Federal Trade Commission Act
- Robinson-Patman Act

Of principal concern for association membership and affiliates would be:

- price-fixing
- agreement to divide customers or markets
- collective refusals to deal
- membership restrictions (exclusivity)
- collecting and distributing information
- standard setting and certification
- Code of Ethics
- lobbying

Topics of discussion to be avoided at meetings:

- current or future prices
- what constitutes a fair profit level
- possible increases or decreases in prices
- pricing procedures
- cash discounts
- credit terms
- control of sales
- allocation of markets and market shares
- refusal to deal with a corporation
- unethical pricing practices or unfair trade practices

How to handle problem:

- inform others that you will not discuss the subject
- end the meeting or conversation immediately
- leave a meeting or gathering if discussion persists
- be obvious in your departure
- be careful in your choice of words
- do not joke about the above mentioned subjects
- do not discuss the conduct of others

Councils of IAEE

- **Exhibition and Event Industry Audit Commission (EEIAC)**

The Exhibition and Event Industry Audit Commission (EEIAC) provides structure and direction for the proper implementation of independently conducted event attendance audits and promotes the wider use of such event audits. The EEIAC represents the broadest cross-section of users of audited event attendance data including exhibition organizers, exhibitors, corporate event organizers, and advertising and marketing agencies, and has created and distributed standards for the conduct of event audits for trade show and consumer events. Information about EEIAC is available at <http://www.exhibitionaudits.org/>.

- **The Asia Exhibition Council (AEC)**

events and/or by teleconference, to focus on issues and policies that are of specific relevance and importance to those who organize and supply public events.

The Council is also permitted to adopt policy statements that address industry issues of particular interest to the organizers and suppliers of public events. Such policies may be adopted without the prior approval of the IAEE Board of Directors so long as they conform to the provisions of Article IX of the IAEE Bylaws.

- **The MATSO Council**

The MATSO Council is comprised of not-for-profit association and for-profit exhibition organizers whose shows are at least 200,000 nsf of exhibition space. The focus of the MATSO Council is on all functional aspects of large show production: marketing and sales, legislation, labor, international challenges, and operations and will provide a forum to support in-depth problem solving in a competition-free environment based on a foundation of confidentiality and trust. The MATSO Council will work to develop best practices unique to large-scale events and release position statements on issues that impact large-scale events and exhibitions overall in support of face-to-face meetings overall. MATSO members who were also members of IAEE will no longer have to pay separate dues to MATSO.

Each member of the Board of Directors shall be a representative of a member organization in good standing.

Section 3. Changes in Employment—Directors

If a currently serving member of the Board of Directors changes employment during his or her term of office, he or she may retain their position on the board as long as they remain employed as a full-time employee/owner or

officer of a member organization in good standing. A director of the board who becomes unemployed during his or her term may be granted 180 days in which to resume full-time employment with a member organization in good standing. If after 180 days such director does not meet this criteria, the seat may be declared vacant and the vacancy may be filled pursuant to the provisions herein stated in Article VIII, Section 10. A Director may be removed for cause by a two-thirds vote of the Board of Directors.

Section 6. Meetings of the Board of Directors

The Board of Directors shall meet during the Annual Meeting and at such other times as may be deemed necessary by the Chairperson of the Board. The Chairperson of the Board shall be required to call a meeting of the Board when

requested to do so in writing by any four (4) members of the Board of Directors.

Section 7. Notice of Board Meetings

Notice of all meetings of the Board of Directors shall be delivered to all members of the Board at least fourteen (14) days in advance. The notice shall state the place, day and time of the meeting, who called the meeting and the purpose or purposes for which the meeting was called. The attendance of a Director at any meeting shall constitute waiver of notice of such meeting, except where a Director attends a meeting for the express purpose of objecting to the transaction of any business because the meeting was not lawfully called or convened. Unless otherwise provided by law, for purposes hereof, "delivery" of notice shall mean and include (i) direct telephonic contact with the applicable Director; (ii) receipted hand delivery to the Director or the Director's family members or employer; (iii) notice deposited in the United States mail, postage prepaid, and addressed to the Director at the address last furnished to the Corporation by the Director in writing or, if none, at the address for the Director maintained by the Secretary- Treasurer of the Corporation; (iv) facsimile transmission of the notice to the Director at the facsimile number last furnished to the Corporation by the Director in writing or (v) electronic mail transmission of the notice to the Director at the electronic mailing address last furnished to the Corporation by the Director in writing.

Section 9. Quorum

A simple majority of the Board of Directors fixed in accordance with Article VIII, Section 2 shall constitute a quorum for the transaction of business at any meeting of the Board of Directors. Chapter Statement of Purpose

IAEE Chapters are formed to aid the International Association of Exhibitions and Events in furthering individuals' current and future professional advancements in the exhibition industry. Chapter programs should be designed to address advancements for its membership through meetings and programs offered at the local or regional level.

Chapter Structure and Operations

The relationship between Chapters and IAEE Headquarters must be strong and continuous in both directions. The local Chapter is charged with the responsibility for generating local activities, which extend IAEE brand and benefits to member representatives in its service area. IAEE will develop services to the chapter board and administrator, which permit local Chapters to carry out their functions with maximum efficiency and effectiveness. In addition, member recruitment and retention are important for leadership succession.

The IAEE Bylaws clearly state some of the requirements for Chapter structure and operation. Aside from these major points, enumerated below, Chapters enjoy considerable latitude and autonomy.

Chapter Logo

IAEE has developed logos for each chapter. If the electronic file cannot be found at the chapter level, contact your staff liaison at IAEE for a new file. Adaptations of the logo such as its appearance in boxes, condensed, screened, or altered in any way, are not permitted.

Below are general IAEE logo usage instructions. For more information, view IAEE's Branding Guidelines at <http://www.iaee.com/pdf/IAEEBrandingGuidelines.pdf>. Chapters of IAEE may imprint or affix the Association's logo on or to stationery, publications, documents, and other materials produced by the chapters provided that:

- Any such use of the logo is approved by the chapter's board of directors and by the president of IAEE in advance of its use, and,
- The logo is imprinted or affixed adjacent both to the chapters name and to a statement of the chapter's relationship to the association (ex: Midwestern Chapter). A sample of any such material produced by the Chapter for public relations or public information is sent to the IAEE's Marketing and Communications Department for informational purposes.
- The size of the logo shall not be larger than the member's corporate or organization logo when used on business cards, stationery and other material.

- IAEE shall have the exclusive authority to determine that the proposed use of its logo shall be in good taste and within acceptable business practices as determined by IAEE. IAEE reserves the right to limit or revoke the use of the IAEE logo by members if warranted.
- Anyone having questions about the proper use of the IAEE logo or name not covered in this policy should direct inquiries to Nicole Bowman, Vice President of Marketing and Communications at IAEE at nbowman@iaee.com.
- The logo may be reproduced in color only if the official IAEE colors are utilized; PANTONE 2945 (blue) for the large letters and PANTONE 3415 (green) for the accompanying globe. Otherwise the logo may be reproduced in black or reversed to white when used on dark backgrounds.

Guidelines for Establishing New Chapters

Article XI I, Section 1 of the IAEE Bylaws, state:

“To establish a new Chapter, a minimum of ten (10) members of the IAEE in good standing from a clearly defined geographical area must sign a petition. The petition shall be reviewed and approved by the Board of Directors prior to the establishment of such Chapter. Every member of the Chapter shall be a Member of the IAEE, unless otherwise allowed by the Board of Directors.”

It must be noted that IAEE has the final authority of assigning chapter geographical areas.

Creating a New Chapter From Within a Previously Chartered Chapter

New chapters, in the past, have been organized from within previously chartered IAEE Chapters and the following guidelines are intended to provide guidance for the creation of new chapters organized from within previously chartered chapters. It should be noted that IAEE neither encourages nor discourages the creation of new Chapters from within existing chapters. This document is provided only as a source of guidance.

1. Pursuant to IAEE Bylaws (see Article XI), a minimum of ten (10) members of IAEE in good standing may petition IAEE Board for permission to establish a chapter. The Bylaws make no distinction between Exhibition Management members and Associate members for this purpose.
2. In our experience, for a new chapter to be successful, a core group (15-20) of committed volunteers is paramount. Should a group of ten (10) or more qualified IAEE members wish to petition the IAEE Board for permission to organize a new chapter, a copy of such petition shall also be furnished to the Board Chair of the specific IAEE Chapter from which the proposed new chapter may emerge. (Please contact the Director of Membership and Chapter Engagement at membership@iaee.com for a New Chapter petition.)
3. The petition should include:
 - a. commentary addressing the reason(s) why the petitioning members believe a new chapter should be created
 - b. zip codes to be included in the chapter's region
 - c. a Plan of Action for the year.
4. The petition will be considered along with written comments from the petitioning and existing chapter when submitted to the IAEE Board at its next regularly scheduled meeting. The petitioners will be advised of the Board's decision within ten (10) days of the meeting.
5. If the IAEE Board approves the petition, the effective date of the new chapter shall be not less

than six (6) months following the approval by IAEE Board. This period is intended to provide for an orderly transition of membership from the existing chapter to the newly created chapter.

6. A member representative of IAEE may be enrolled in as many IAEE Chapters as is desired, provided that the member representative first join and maintain Chapter membership in the Chapter that the individual resides his/her business. The member representative's primary address in their membership record will determine the primary chapter. Additional chapter memberships may be added at a fee of \$35 each.

Creating a New Student Chapter

IAEE encourages students and faculty in educational programs related to the exhibition industry to consider forming a student chapter. Students in a variety of academic programs will benefit from access to IAEE information and benefits. Students at any domestic or international educational institution may submit a petition for establishment of an IAEE Student Chapter.

Students interested in forming a student chapter should take the following steps:

Seek the support of a Faculty Member who is an IAEE member or a local IAEE mentor chapter who will agree to act as the student chapter Faculty Advisor.

1. Meet to discuss the reasons to form a student chapter.
2. Elect a charter executive committee consisting of:
 - Chapter Chairman
 - Chapter Vice Chairman
 - Chapter Treasurer* (*Chapter Treasurer/Secretary may be a combined position.)
 - Chapter Secretary*
3. Complete and submit the following documents to the Student and University Relations Office at your institution.
 - Chapter Charter Application
 - New Chapter Petition Form (With a minimum of 10 student member signatures)
 - Chapter Officer Listing
4. Once approved by the Student and University Relations Office at your institution, send the completed and signed forms to IAEE for Board of Directors approval at their next regularly scheduled meeting. Upon approval by the IAEE Board, the Student Chapter will be recognized.

Guidelines for Chapter Dissolution

It is an unfortunate reality that some chapters may not remain viable. Chapters need committed volunteers and interested member representatives. In the event a chapter's board believes the chapter is not viable, it is recommended that a survey of the membership be conducted asking if member representatives wish to continue having an active chapter, as well as, asking for volunteers for leadership positions.

If there is interest in continuing the chapter, IAEE recommends that every effort be made to do so. If the Chapter Board makes the decision to dissolve a chapter, it may do so by a 2/3 vote of the Board.

Any monies remaining in the chapters banking account(s) must be returned to IAEE.

Please remember to involve your IAEE Chapter liaison during the dissolution process as important modifications need to be made at IAEE headquarters.

Chapter Name Change

Over time, a chapter's identifying name may not reflect the geographical region in which it operates. The chapter's Board of Directors may want to legally change its name.

In order to change the name of a chapter, these action steps need to be taken:

1. The Chapter Board determines the new name of the chapter. The discussion of the name change and a formal motion of the Chapter Board approving the name change needs to be documented in the chapter's Executive Board minutes.
2. A letter from the Chapter Chairman needs to be written to the IAEE Board of Directors requesting a change of chapter name. Once the letter is complete; send to IAEE (Attn: Membership and Chapter Relations Administrator).
3. An agenda item will be placed on the agenda for the next Board Meeting. IAEE Board of Directors typically meets four (4) times a year. Once accepted by IAEE's Board of Directors, a letter will be sent to the Chapter Chairman. A new Chapter Charter will be administered to the chapter.
4. Once the charter is administered and the chapter name has officially been changed - all documents need to be updated at IAEE Headquarters and on the chapter level to reflect the new chapter name.

Finances

Neither IAEE nor its Chapters exist for the purpose of making money. Our prime objective is to provide desirable educational services nationally, regionally and locally. However, in managing Chapter affairs, it is necessary to make most projects self-supporting. Any surpluses that develop should be used to maintain an IRS stipulated financial reserve, cover capital expenditures, and finance such activities as appear desirable.

Chapter finances should be kept under rigid budgetary control with budgets being established by the Chapter's Board of Directors or Finance Committee before the beginning of each fiscal year.

Although change in financial status is one method of judging a Chapter's performance, it is by no means the most important criterion. The most important yardstick is the answer to the question "What have we, as a Chapter, accomplished?"

The question is often asked: "How large a reserve should be maintained by the average Chapter?" **The IRS and IAEE suggest that reserves should be held that can adequately meet one year's operational costs.**

All checks and other instruments for the payment of monies of a local Chapter shall be drawn in the name of the local Chapter and should be signed by the Chair, Vice Chair, Treasurer, Administrator and countersigned by the Chair, Vice Chair, or a member of the Executive Committee. No such check or instrument shall be signed and countersigned by the same person. More information listed in Part 5, Financial Records.

Chapter Resources Programming

Service to your membership is best expressed through your regular chapter meetings. The quality of each meeting has a profound effect upon attendance at subsequent meetings. Hence, considerable attention must be paid to program development. Imaginative program planning is a major key to the success of your Chapter.

A significant activity of any Chapter is the educational service it provides its membership and the exhibition industry at large.

IAEE offers assistance with chapter programming through the Jim Lynn Chapter Education Fund, which provides financial support, and the Chapter Speaker Series, which offers programmatic support for chapters. Additionally, IAEE Chapters may request speakers from IAEE's Board of Directors or IAEE staff.

- **Jim Lynn Chapter Education Fund**

The Jim Lynn Chapter Education Fund is available to assist chapters in securing speakers for special programs. Champion Exposition Services has committed to assisting IAEE chapters in their quest to secure even better speakers for their monthly chapter meetings or annual programs. Each chapter may apply for a maximum of two \$1,000 speaker grants annually. For more information on the grant process, visit

- **Chapter Assessment Tool (CAT)**

Chapters can receive complimentary full meeting registrations to Expo! Expo! by completing the IAEE Chapter Assessment Tool. The Chapter Assessment Tool is designed to assist chapter leadership in capturing and reviewing the accomplishments of their chapter over the previous calendar year and to establish effective practices for all IAEE chapters.

Event Promotion

IAEE Headquarters will advertise the chapter events and activities in all IAEE publications and on the organization's Web site. In order to be listed, information must be sent to Director of Membership and Chapter Engagement (membership@iaee.com) at IAEE Headquarters. Once delivered to IAEE, we will make sure the information is listed in our publications and online calendar.

IAEE Marketing Policy states we will market the chapter's Annual Business Meeting in our publications as soon as it is delivered to IAEE. But for regular scheduled monthly events, we will market the event in our publications two months prior to the event date.

In addition, many chapters use social media (LinkedIn, FaceBook, Twitter) to promote chapter events. Social Media accounts may be established and maintained by each chapter. For more information on social media basics, see the [social media best practices resources](#) established by IAEE's Social Media Task Force.

Event Finances

Although educational activities are not necessarily intended to develop financial surpluses, they should be planned as to meet costs plus a modest surplus.

Canceling Chapter Events

In the unfortunate situation where a chapter meeting has to be canceled, here is some advice once the decision has been made:

Decide on refund options (refund monies or apply the fee toward a future event).

1. Decide what you'll say (designate one person to craft an announcement to be approved by the board.
2. Call key participants.
3. Spread the word (assign a person/team to post the announcement and issue a press release.
4. Talk to your venue.

IAEE MemberLink

Through IAEE's online MemberLink PORTAL, chapters can maintain their own chapter communities. Chapter communities allow chapter members to communicate in forums/list serves, share files, poll and survey their members, send email updates, meeting announcements, and much more – all from one place! In order to manage your chapter's chapter community, you must be identified as an administrator for your chapter. Simply email the Director of Membership and Chapter Engagement at membership@iaee.com if you need administrative access to your chapter's community. Be sure to include an invitation to your chapter's online community in your newsletters and communications to new and seasoned members. Encouraging conversation by posting a "question (or tip) of the week" is a great way to engage your members. [Click here for instructions on getting your members involved in your online community.](#)

Email Blast Guidelines and Charges

E-mail blasts are available to chapters. The chapter sends a sample of the e-mail blast and/or the flier to IAEE along with the following additional information:

1. Target audience (any or all of the following: chapter member representatives, prospects, or primary member representatives).
2. E-mail subject and text box message.
3. Transmission date needed.

The cost is 5 cents per e-mail sent (email must be developed by the chapter or a representative).

E-mail blasts containing attachments will not be sent from IAEE, but a link from the e-mail to a document housed on your chapter web page can be included.

Please send all e-blast requests to the Director of Membership and Chapter Engagement at membership@iaee.com.

IAEE Marketing Banners

IAEE Pop-up banners are available to chapters on a “first come, first served” basis. Check your chapter calendar and reserve 1-2 banners for the next local trade show or event by contacting the Director of Membership and Chapter Engagement at membership@iaee.com. Requests must be received 14 business days prior to date needed to allow ample time for shipping.

Articles for Chapter Newsletter

Chapters can use IAEE’s publications such as The Insider, E², and press releases received from IAEE to produce newsletter articles. For text only files, please contact the Director of Membership and Chapter Engagement at membership@iaee.com

Sharing Best Practices

IAEE encourages the sharing of best practices amongst IAEE chapters. Chapter leaders can save valuable time and resources by avoiding “reinventing the wheel” and, instead, taking advantage of the collective knowledge of chapter leaders. For this reason, your IAEE liaison has compiled a collection of sample forms, agreements and documents for your use.

Please visit http://www.iaee.com/about_iaee/iaee_chapters/chapter_management_handbook and see the Best Practices section to review available resources. If your chapter has resources you are willing to share, please provide a copy to the Director of Membership and Chapter Engagement at membership@iaee.com.

Chapter Leaders Listserve

Another valuable resource for this purpose is the Chapter Leaders Listserve. As Chairs, Vice Chairs and Administrators, each of you has access to the private listserv. To post a comment, question or best practice, follow these simple instructions:

1. Log in to www.iaee.com using your user ID (email address) and your password.
2. Click “MemberLink” (lower left side of the screen).
3. Click “Your Communities” (top left of screen).
4. Click “Committees.”
5. Select “Chapter Leaders Council.”

**SECTION 3:
LEADERSHIP AND
COMMITTEES**

Chapter Leaders Council

The purpose of the Council is to address issues of common interest of IAEE leadership and IAEE's Chapters. IAEE's policy is to promote the welfare of its Chapters and to encourage cooperation between the International organization and its chapters. The IAEE Board of Directors chair will appoint the chair and board liaison for the council.

The council is composed of IAEE's leaders including the chairman and vice chairman of each Chapter. The 2015 Chapter Leaders Council is charged with:

1. Supporting and implementing initiatives from IAEE's strategic plan.
2. Identifying ways in which the relationship between IAEE and its chapters can be materially enhanced.
3. Identifying and cultivating future leaders for both the chapter and international levels.
4. Communicating to Headquarters the concerns and needs of members at the grassroots level.
5. Communicating of IAEE Headquarter initiatives to local membership.
6. Establishing "Best Practices" for effective chapter management.
7. Chapter Leaders Development at Expo! Expo! IAEE's Annual Meeting & Exhibition

Estimated Time Commitment:

Members of the Chapter Leaders Council will be expected to meet approximately 6-10 times each year virtually through IAEE's social network or via teleconference. If neither the Chapter Chair nor Vice Chair is able to participate in the Chapter Leaders Council discussions, another member of the chapter's board may represent the chapter. The members of the Chapter Leaders Council are expected to attend the annual Chapter Leadership Retreat. In addition, the Council may meet face-to-face at IAEE's Annual Meeting.

Teams within the Council may be established to address specific tasks. In this event, members of the task-specific team may be required to participate in additional teleconferences.

The Friday Report

A Friday Report will be sent to Chapter Chair and Vice Chair from IAEE President each week. The email provides interesting industry data from the perspective of the IAEE President.

IAEE Awards

The IAEE Awards Program is designed to recognize those professionals who have made outstanding contributions to the exhibition industry. One award, the Merit Award, is especially for the chapter leader whose ideas and work has benefited IAEE as an organization in a special way at the chapter or local level.

IAEE Award winners are recognized at the IAEE Annual Meeting in December.

Chapter Leaders Meeting

Each year during Expo! Expo! IAEE's Annual Meeting and Exhibition, IAEE hosts a Chapter Leaders Meeting to provide chapter leaders with the information, resources, and contacts needed to operate a successful chapter. The program is designed primarily for the officers of the chapter; however, other rising stars are welcome to attend.

Benefits of attending the meeting:

- Networking and sharing ideas with IAEE chapters from around the country

- Leadership techniques that create effective chapter boards
- Career enhancing training sessions that inspire

To attend, simply register for the Chapter Leaders Meeting while completing the Expo! Expo! registration process online.

Overview of Chapter Board of Directors

The Board of Directors is the backbone of every successful Chapter organization, helping to set policy and guide the many activities of the local Chapter. In general, this group sets Chapter policy and gives counsel and guidance to the Chapter in all its social, financial, educational, membership, and technical activities, as well as meetings and programs. Other member representatives of the Board also serve as chair of the more important Chapter committees.

A good Board will review regularly the plans and accomplishments of all working committees within the Chapter. It will also observe closely the financial results of the various Chapter activities so that fiscal problems can be dealt with before they become serious.

One of the prime purposes of the Board is to assist the Chair in setting up the working committees of the Chapter for the term of office. The member representatives of each of these committees shall be appointed by the Chair subject to confirmation by the Board. The Board may create new or special committees as it is deemed advisable; define the duties and powers of these newly created committees and terminate their activities.

It is suggested, while in office, to keep a notebook of actions/updates that can be passed down to your successor.

Conflict of Interest Guidelines for IAEE Leadership Positions

The support for high standards of honesty, integrity, impartiality, and conduct of IAEE member representatives in leadership positions within the organization is essential to assure the proper performance of IAEE's responsibilities to the entire membership and the exhibition management industry.

For the purposes of these guidelines, an IAEE leadership position includes an officer, member of the Board, chapter officer, and committee member of IAEE, IAEE affiliate or subsidiary.

IAEE member representatives in leadership positions shall avoid any action which might result in, or create the appearance of, using an IAEE position for private gain. This will also include giving preferential treatment to any person or business; losing independence or impartiality; or, affecting adversely the confidence of the membership or the industry in the integrity of IAEE.

No IAEE member representative in a leadership position shall knowingly use his/her official position to participate in an official IAEE act, when such act would further, directly or indirectly, the IAEE leader's beneficial interest without a full disclosure of that fact prior to any official action.

The "beneficial interest" of an IAEE individual in a leadership position includes direct or indirect benefit to the individual, family, partners, company and/or employer, or others with whom the individual has financial or business ties.

An IAEE member representative in a leadership position shall not solicit, accept, or receive any compensation including any gift, gratuity, favor, entertainment, loan, or any other thing of monetary value nor shall he/she permit any such compensation to accrue to his/her beneficial interest from any source, the receipt or accrual of which would occur by virtue of influence improperly exerted from his/her leadership position.

An IAEE member representative in a leadership position shall not use any information obtained as the result of participation personally and substantially in an official IAEE act, for his/her beneficial interest, directly or indirectly.

An IAEE member representative shall not engage in, directly or indirectly, and financial or business transaction as a result of, or primarily relying on, information obtained through his/her official IAEE position transaction as a result of, or primarily relying on, information obtained through his/her official IAEE position.

An "official IAEE act" means any deliberation, decision, or action on any question, matter, proceeding, or controversy in which the IAEE is a party or has a direct and substantial interest brought before an IAEE individual in a leadership position at a duly convened meeting.

The Board of Directors may grant a waiver of the restrictions included in these guidelines upon written request.

Sample of IAEE Board and Committee/Task Force Conflict of Interest statements are located at http://www.iaee.com/about_iaee/iaee_chapters/chapter_management_handbook.

Board of Directors Terms of Office

The Board of Directors (elected officers and directors) shall consist of a minimum of seven (7) member representatives. This includes elected officers, which consists of five (5) member representatives and at least two (2) at-large directors.

Officers shall hold office for a period of one (1) or two (2) years, as determined by the chapter, or until their successors are duly elected.

All Directors shall hold office for a term of three (3) years, or until their successors are duly elected and qualified. Directors shall not serve more than two (2) consecutive terms unless elected as an Officer.

Tenure of Office

To maintain continuity, it is recommended that Board member elections be rotated so that one-third of the Board's member representatives retires each year. The openings occurring as a result of the retiring member(s) are subsequently filled at the regular meeting by the election of a *new* slate of Directors.

Although it might be necessary upon occasion to again call upon member representatives who previously served on the Board, the best interests of IAEE and the chapter will be met by involving new people. Observation of how individuals serve on working committees will provide likely candidates for Board positions.

Board Meetings

Because the Board is so important to the success of the local Chapter operation, it is customary for the Chair to hold regularly scheduled meetings, preferably between the regular meetings for the entire membership and at least once each calendar quarter. A majority of the member representatives of the Board should constitute a quorum at any meeting of the committee and each member representative present is entitled to one vote.

IAEE can assist with the set-up of board conference calls if a face to face meeting can not be accomplished. The fee for conference calls is 10 cents a minute per person.

Board Vacancies

Vacancies, which occur on the Board between the regularly scheduled annual elections, shall be filled by nomination and election within the Board at any one of its next regular meetings. Any board member

so elected shall complete the unexpired term of the individual replaced, or if not replacing someone, shall serve until the next annual meeting.

Chapters often face the dilemma of what to do about a member of the Board who does not attend meetings or handle the responsibilities given. The Board should address this issue and create guidelines for Board members who do not attend.

A reasonable rule would be if a board member misses two (2) consecutive board meetings, an Officer should contact the Board member to determine if he/she can fulfill their commitment. If the Board member can't fulfill his/her commitment, then the Board member should be asked to resign. If a Board member is non-responsive or continues to miss Board meetings, then that Board member may be removed by a 2/3 vote of the Board of Directors.

Executive Committee

Although it can be considered an honor to be elected to the Chapter Board of Directors, the post is much more than an honorary office. The Board is responsible for all policies and operations of the chapter.

To them goes the credit or blame for success or lack of success of the chapter. For this reason, it is essential that the Board meets regularly and stays thoroughly informed on all activities of chapter officers and committees.

Most Chapters should install member representatives of the Board as liaisons to each committee, and committee chairs should appear before the Board to report on their actions, as necessary.

It is important that accurate minutes of each Board meeting are prepared by the Chapter Secretary. Copies of the minutes are to be retained in the Chapter's permanent files, distributed to officers and member representatives of the Board, and copies sent to the IAEE Headquarters.

Because of geography, some chapters use conference calls to hold their Executive Board meetings. IAEE can assist with conference call set-up; please contact **the Director of Membership and Chapter Engagement** at membership@iaee.com.

EXECUTIVE COMMITTEE JOB DESCRIPTIONS

This section is written to provide job descriptions for officers and other board positions, and if needed the chapter administrator. Also included are descriptions of possible committees.

CHAPTER CHAIR

The Chair is the principal point of contact between the Chapter and the public; the Chapter and its chapter membership; the Chapter and IAEE. The Chair and Vice Chair are automatically, by virtue of the offices, board members of IAEE's Chapter Leaders Council.

An important ingredient in successful Chapter leadership is the ability to work with and lead fellow officers, committee Chairs and committee members.

Before the Chair can have a successful year, it is suggested that a Plan of Action be prepared. The Plan should be ready for presentation at the first meeting of the Board for approval or modification. Ideally, the Plan is derived through consultation with the other officers who will share responsibility for the coming year's operations. Having had a part in shaping the plan, the Vice Chair and Treasurer/Secretary can be counted upon to give effective support.

Careful attention should be given to the selection of committee chairs that will be responsible for making their portion of the plan work. Committee chairs should be fully and clearly informed as to what is expected of them, avenues of approach, budgets, available resources, and relationships with other

committees. In addition, the chair will want to establish committee reporting procedures designed to keep him/her fully informed.

To maintain necessary consistency and control, the chair should conduct all meetings in accordance with Robert's Rules of Order. <http://www.robertsrules.org>

The Chair will need to establish a checklist of responsibilities and recommendations, which include the following:

1. Preside at All Chapter Meetings

- a. In addition to opening and closing the meeting, it is the Chair's duty to see that a firm schedule is maintained.
- b. Remember, member representatives and guests are attending the meeting to hear the program. Thus, Chapter business, committee and miscellaneous reports, as well as other extraneous information should be concise and valuable.
- c. Check on arrangements and other details of the meeting well in advance, unless delegated to another Board member.
- d. In the absence of the secretary, direct the completion of a Meeting Evaluation.

2. Executive Committee Meetings

- a. Prepare agenda.
- b. Notify member representatives of time and place of meeting, even though meeting schedule has been established
- c. When special projects are to be discussed, make certain the principal people involved are available and present.
- d. Activities of all committees should be briefly reviewed at each meeting.
- e. In the absence of the Secretary, delegate another member of the committee to do the prompt preparation/distribution of minutes.

3. Delegating Committee Responsibilities and Making Committee Appointments

- a. Carefully match committee responsibilities with available people.
- b. Strive to draw upon new people as a method of increasing interest, as a source of new ideas and as training for future Chapter officers and Board member representatives.
- c. Try to avoid one person committees. The actual number of people in the committee depends upon the work it is expected to accomplish.
- d. Ask for periodic and comprehensive reports and minutes of committee activities.
- e. Require committee Chairs to furnish you with a schedule of their meetings so you can attend as many as possible.
- f. Require committee chairs to prepare year end reports, which include statements of accomplishment, recommendations for the next year, and future possible committee membership.

4. Coordinate and Strive For Effective Two-Way Communication with IAEE

Inform officers and committee Chairs of proper channels of communication.

Keep Chapter officers, Board members and committee Chairs informed of IAEE's activities and policies.

5. Provide Supporting Assistance in Pursuing Overall IAEE Objectives - From time to time, there will be programs and activities (recommended by IAEE's Board or its committees) vital to the continued progress of IAEE. The Chair will be called upon to implement these programs and activities locally.

CHAPTER VICE CHAIR

The most obvious duty of the Chapter Vice Chair is to act on behalf of the Chair when the latter is unable to be present. In Chapters where a succession of officers has been established, the term of the Vice Chair should be used as an educational period for the succeeding year.

Many Chapters assign to the Vice Chair the important responsibility of chairing the program committee. In this role, the Vice Chair appears before the Chapter at each of its meetings to introduce the program.

The Vice Chair should serve as an ex-officio member of several of the chapter's major committees and make a determined effort to attend as many of their meetings as possible, thus becoming thoroughly familiar with all phases of the Chapter's operations.

Responsibilities and Recommendations:

1. **Major Chapter Activity** - Direct the major Chapter activity of the year, such as a special membership effort or special educational activity.
2. **Spot Assignments** - Be available for spot assignments to areas requiring special effort, as such situations arise. The Chair will make assignment.
3. **Program Planning** - Through planning, a Vice Chair, heading up programming for the next year's chapter activities will have considerable effect over what is presented during their term of office.
4. **Major Committees** - The Vice Chair shall be an ex-officio member of all major committees.

CHAPTER SECRETARY

The Chapter Secretary has the responsibility of maintaining all Chapter records, reports, membership lists, minutes of Board meetings, keep close contact with IAEE Headquarters, and producing such reports and records as might be required.

Responsibilities and Recommendations:

1. **Recording Keeping** - Due to legal and tax requirements plus to ensure continuity, it is necessary that complete records be maintained on such activities as:
 - a. regular meeting data
 - b. educational activities
 - c. social programs
 - d. accounting/financial
 - e. all other business of the Chapter.
 - f. In many instances, chairs of the responsible committees supply complete reports of events to the secretary.
 - i. Where possible, a special container should be provided for the storage of permanent, continuing reports of all Chapter committees.
2. **Keeping Minutes** - The Secretary is responsible for keeping minutes of all Chapter Board meetings. Minutes should include items discussed, decisions reached and all other business conducted. Underline or capitalize all motions. Action items can be listed separately for ease in next meeting's agenda.
3. **Copies of minutes should be distributed promptly to all Board members and IAEE Headquarters.**
4. **Correspondence** - The Secretary is the official correspondent for the Chapter. In addition to the normal correspondence with membership and IAEE Headquarters, the office of the Secretary handles official communications as directed by the Chair and Board. Some chapters hire a chapter administrator to handle the day-to-day correspondence. The Secretary should oversee

the activities of the chapter administrator.

- a. Within 15 days of an election, notify IAEE of the results of the election. Report to IAEE the names of the Executive Committee and Committee Chairs.
5. **Maintaining Membership Records** - Membership records must be current at all times for both the chapter and IAEE. Address changes, changes in members and member representative's status, as well as up-to-date contact information received directly by the Secretary should be forwarded immediately to IAEE Headquarters.
 - a. Chapters receive a monthly active roster from IAEE which can be used as an official chapter database. Updates in between can be requested, as needed.
6. **Reports** - The Chapter Secretary is responsible for certain monthly and annual reports. These include:
 - a. Meeting information to IAEE Headquarters containing details of speaker, topic, location, date, and attendance (copy of the meeting flyer is sufficient).
 - b. Annual report to chapter membership of the year's activities should be made to the Chapter membership at its annual business meeting. Normally, this information is available from monthly records and from reports of all committee Chairs.
7. **Chapter Reports From IAEE** - The following reports are produced by IAEE on a monthly basis and can be used at the chapter level:
 - a. New Member Representative Report
 - b. Active Chapter Roster
 - c. Name and Address Changes
 - d. Delinquent Membership Report
 - e. Membership Type Summary
 - f. IAEE Chapters Membership Summary
8. **Labels** - Two sets of labels are available to Chapters per month. Prospect reports and labels are provided when requested.

Please contact IAEE to request this information, and allow sufficient time for printing and mailing. Overnight mail/shipping can be done at the chapter's expense.

CHAPTER TREASURER

The Chapter Treasurer has the responsibility for gathering, disbursing and managing the Chapter's funds. The Treasurer should be prepared at all times to submit a complete and accurate statement showing the current financial status of the Chapter.

Chapter funds should be disbursed only by check. Checks are to be signed by two Chapter officers, as authorized by the Board. The Treasurer is usually one of the authorized signers.

In addition, the Treasurer is custodian of Chapter reserves in the form of savings or checking accounts in banks, stocks, bonds, or other securities.

Chapter operations require the establishment of and adherence to realistic budgets. Each committee must be informed of the funds budgeted for its activities. Expenses specific to the committees should not be made without formal approval of the chair of the committee involved.

The Treasurer and other chapter officers handling its funds are covered by the surety protection maintained by IAEE. (Note to Chapters: Your Semi-Annual and Year End Chapter Financials are needed on file in order to be eligible for insurance protection as a chapter officer.)

Chapters are encouraged to appoint finance committees to act in an advisory capacity to the Treasurer in establishing budgets and setting financial policies. The Treasurer is chairman or a member of the committee.

Responsibilities and Recommendations:

1. **Deposits** - Receive and promptly deposit all funds, regardless of source, paid into the Chapter.
2. **Disbursements** - Disburse funds as authorized by the Board and in accordance with established budgets.
3. **Financial Reports** - Prepare financial reports for Annual Chapter Report for Chapter records and Board meetings.
4. **Reports to IAEE** - After proper audit, submit the Chapter financial report to IAEE Headquarters no later than February 15 (Year End of previous year) and August 31 (Semi-Annual of January-June)

CHAPTER ADMINISTRATOR OR EXECUTIVE DIRECTOR (Support Staff)

Some chapters may choose to hire a chapter administrator to handle routine functions. Doing so will ease the burden for the Executive Committee as the chapter administrator can then perform day-to-day operations leaving the Executive Committee to perform other duties.

Chapters should have written agreements with their chapter administrators, and should closely monitor the administrator's activities.

CHAPTER COMMITTEES

The strongest Chapters are those which operate in a highly efficient manner. To operate efficiently, it is necessary that the membership of the Chapter be involved in some phase of its activity through participation in committee work.

Maximum effectiveness results from the establishment of committees through selection of strong, imaginative Chairs and an adequate number of member representatives. How many and what types of committees a Chapter needs vary with the size/location of a Chapter.

Commonly, the following committees are necessary to carry on the Chapter functions:

- Program/Education Committee
- Membership Committee

Other desirable committees may include:

- Finance Committee
- Social Events/Reception Committee
- Public Relations Committee

One-assignment committees include:

- Auditing Committee
- Nominating Committee

Ad Hoc committees may include:

- Bylaws Committee
- Long-Range Planning Committee

Committees exist until a specific assignment is complete or otherwise directed by the Chapter Chair. The committees listed cover the majority of common activities engaged in by IAEE Chapters.

Particular stress should be placed on securing the newer and younger member representatives of the Chapter as active committee member representatives. The benefits of fresh ideas are brought into the committee's activities, where the new member representatives become acquainted in the Chapter and develop an interest in its progress and talent is developed for committee Chairs and Chapter offices.

COMMITTEE DESCRIPTIONS

AUDITING COMMITTEE

The function of the Auditing Committee is to assure that the financial records and physical assets of the Chapter are in good order and that the financial reports are done consistently from year to year. The committee should be comprised of annually rotating member representatives.

No incumbent officers or other committee Chairs should be member representatives of the Auditing Committee, although they may be present during audit sessions. And committee member representatives should serve one-year terms.

Responsibilities and Recommendations:

1. **Audit** - Conduct a prompt (within 30 days) end-of-fiscal year audits and other audits, as requested or required. It is recommended that the chapter's books be audited whenever a new Treasurer assumes office.

The audit should include review and reconciliation of:

- Monthly Bank statements
- Checkbook records
- All investment records
- The book of accounts
- All original invoices and bills, including a spot check or review of any unrecognized vendors for dummy payees.
- Treasurer's financial statements
- Copies of all regulatory reports
- Verification of the existence of all assets
- Verification of the condition of all assets

2. **Outside Audit** - If justified, recommend to the Board that an audit by an outside auditing firm be conducted and, if approved, arrange for such audit. It is recommended that large Chapters have a professional audit every three years or so. Also a professional audit should be conducted if there is any suspicion of misappropriation of funds. In this event, the professional auditors would need to be alerted, since a normal audit does not detect such misappropriation.

3. **Audit Report** - Prepare a written report of each audit completed. If appropriate, recommend changes in procedures for financial and asset record-keeping and reporting. File the audit report with IAEE Headquarters.

FINANCE COMMITTEE

The function of the Finance Committee is to ensure the financial stability of the Chapter. In absence of an Audit Committee, the Committee should ensure adequate management controls are in place to protect the Chapter resources from fraud, waste, or abuse. The Committee is comprised of a Chair, Treasurer, and other member representatives as appointed by the Chapter Chair.

Responsibilities and Recommendations:

1. **Annual Budget** - At the beginning of the Chapter fiscal year prepare the annual budget for the approval of the Board. **Expenditures** - Recommend to the Board modification of expenditures, as necessary, during the fiscal year to meet budget.

3. **Income** - Suggest and recommend income producing activities. Evaluate the appropriateness of meeting meal charges, conference registration fees, etc.
4. **Investments** - Propose to the Board and, if approved, arrange for short-and long-term investments for chapter funds as appropriate.

MEMBERSHIP COMMITTEE

The responsibility of the membership committee is to develop and execute, or supervise the execution of, promotional plans to maintain and build the membership of both the chapter and IAEE. If a chapter has a chapter administrator, that person can handle many of these tasks.

Responsibilities and Recommendations:

1. **Determine membership related goals** to support the overall chapter's strategic plan
2. **New Membership** - Develop programs to involve and engage new individuals
 - Develop a new membership outreach campaign (IAEE sends an orientation link to each new member)
 - Coordinate a welcome committee at monthly meetings/events, to welcome each and every new member or new attendee.
 - Ask membership committee member to call and welcome new members to events and invite them to get involved on a committee
 - Recognize new members in your Chapter Newsletter/Website
3. **Membership Retention** - Make regular and continued connections with your members to ensure engagement and involvement.
 - IAEE conducts member surveys throughout the year. Contact the director of membership and chapter engagement to get a copy of the results, so you can better understand your membership. Or you can develop a member needs assessment on your own to gain insight on what your members want/need as far as education and networking opportunities.
 - Coordinate a welcome committee at monthly meetings/events, to provide members an open and welcoming environment.
 - Research current membership trends and topics pertinent to the meetings industry and report to board of directors.
 - Develop and or recommend recognition programs for the chapter; recognize tenure, potential scholarships opportunities.
4. **Delinquent and or Lost Membership** - Contact delinquent chapter membership by letter or phone for their renewal within one or two months after official delinquency. Give feedback to the executive committee and IAEE of any pertinent view or opinions from the contact.
 - Reach out to members that are on the lost member reports. Reports are distributed by the IAEE membership department.
 - Reach out to delinquent members one month after official delinquency. Reports are distributed by the IAEE membership department.

NOMINATING COMMITTEE

It is the responsibility of the Nominating Committee to develop a slate of qualified candidates for each Chapter election.

Responsibilities and Recommendations:

1. **Candidate Selection** - Careful adherence to the Chapter election calendar is required. The Committee should begin its candidate selection process well in advance of the expected ballot mailing.

The Committee should ensure that the candidates are informed as to the qualifications and responsibilities of the positions for which they are nominated, are willing to serve, and receive copies of the Bylaws of the Association and the Chapter. Untried candidates should be avoided. Wherever possible candidates for the Executive Committee should be selected from among member representatives who have proven themselves as competent committee Chairs.

2. **Election of Officers** - The Committee must carefully review those portions of the Chapter Bylaws that govern the election of officers to make sure that all required procedures are satisfied. Sample of a ballot can be found in Best Practices.

The Committee should review the ballot format before it is printed and mailed/faxed to its membership. Each state has special laws governing electronic voting. Be sure to check before relying solely on email.

3. **Nominees** – An individual on the nominating committee cannot be nominated for office.

PROGRAM COMMITTEE

The duty of the Program or Education Committee is to assist the Vice Chair (or Program Chair) in planning and producing Chapter meetings and continuing education programs. It is suggested that the Committee shall consist of the Vice Chair who shall be the Committee Chair, one other member of the Board, plus additional member representatives.

The Committee shall develop the programs for the year and contact speakers that meet programming needs

Responsibilities and Recommendations:

Planning a Chapter Meeting

1. **Goals and Objectives** - Determining meeting goals and objectives will provide the basis for program content and serve as the guiding principle for each element of the chapter event.
2. **Program Development** - Once goals and objectives are established, the program format and topics can be developed.

In planning your program, take these factors into consideration:

- a. Educational Format – This should include a variety of delivery mechanisms. Panel, Structured Questions, Workshops, Roundtables, Hands-on Participation, Controversy Panel, Poster Sessions.
 - b. Speaker Coordination – Coordinating the activities of the speaker is a key component in a successful program. (Also determine if Jim Lynn Memorial Chapter Education Fund speaker grant will be used for this event.)
 - c. Training Courses – Offering heavy practical, light theory chapter meetings can improve overall quality of your program and increase attendance.
3. **Budgeting** - Good financial management sets up a framework that monitors all elements of a meeting.
 - a. Establishing financial goals should be completed before any other planning begins.
 - b. Maintain accurate accounting records for each meeting. Coordinate with the Treasurer to produce an easy reporting system.
 4. **Site Selection** - Search for and maintain a current inventory of prospective meeting places. This is a critical factor in the success of a chapter meeting.
 5. **Registration Procedures** - Registration is the first impression attendees will have of your chapter meeting. A carefully planned registration process that is as quick and easy as possible for the attendee to utilize will be greatly appreciated.

6. **Meeting Evaluation** - Evaluations allows chapter to determine if goals and objectives of the meeting have been met and can be a valuable tool for planning future meetings.
7. **Chapter Boundaries** - IAEE approval is required to conduct programs, which extend beyond Chapter boundaries.

This requirement is not to limit the programs, but to give assistance in developing programs and advise of conflicting events, either by IAEE or another chapter or organization.

8. **Chapter Conflicts** - Scheduling of chapter meetings should be done after consulting IAEE's calendar and other associations for potential conflict.

Mix and match any of the above to create events for your chapter. For instance, select a charity and support it with donations of needed items and cash at your each of your chapter activities.

Promoting a Chapter Meeting

1. **Promotion and Marketing** - Once a meeting is organized and planned, promotion becomes a key factor in the meeting's outcome. Promotion achieves the meeting's objectives, such as generating program awareness or reaching attendance goals.
2. **Printed Promotional Materials** - Two promotional pieces can be created: the brochure and the Press Release.
3. **Communications** - Emails, fax blasts, direct mail, and web site are good mediums for promoting your chapter events. If time allows, telephone qualified chapter prospects for that personal touch.

IAEE Headquarters will advertise the chapter's meeting in the IAEE News and Industry Report and the registration brochure for our larger meetings. In order to be listed, information must be sent to IAEE Headquarters.

If not already done by the chapter, the web page will be updated with the upcoming event.

COMMUNICATIONS COMMITTEE

The Communications Committee is charged with the duty of arranging publicity around the Chapter's activities to internal groups, external groups, and media.

A newsletter should be published on a regular basis as one method of communication. External publicity is helpful in attracting and retaining membership, as well as informing the public.

Mailing labels for industry media may be obtained from IAEE.

Responsibilities and Recommendations:

1. **Newsletter** - This can be a printed or electronic newsletter, depending on the demographics of your membership.
2. **Announcements** - Advance notice to trade and technical journals for listing in their meeting calendars (at least 3 months ahead). This includes publication of your calendar in IAEE's Face to Face, Expo magazine and web site.
3. **Detailed News Releases** - Detailed news releases of programs and meetings to trade and technical journals (two months or so ahead).
4. **Brief News Releases** - Brief information on the date, time, place, speaker, and subject of the program to local newspapers, radio and TV stations (about 3-5 days ahead) is a good idea.
5. **Website** - List all chapter activities on the chapter website in well in advance of programming to heighten awareness and gain attendance.
6. **Brand Guidelines** - IAEE provides branding guidelines for each chapter.

Overview of Chapter Board of Directors

The Board of Directors is the backbone of every successful Chapter organization, helping to set policy and guide the many activities of the local Chapter. In general, this group sets Chapter policy and gives counsel and guidance to the Chapter in all its social, financial, educational, membership, and technical activities, as well as meetings and programs. Other member representatives of the Board also serve as chair of the more important Chapter committees.

A good Board will review regularly the plans and accomplishments of all working committees within the Chapter. It will also observe closely the financial results of the various Chapter activities so that fiscal problems can be dealt with before they become serious.

One of the prime purposes of the Board is to assist the Chair in setting up the working committees of the Chapter for the term of office. The member representatives of each of these committees shall be appointed by the Chair subject to confirmation by the Board. The Board may create new or special committees as it is deemed advisable; define the duties and powers of these newly created committees and terminate their activities.

It is suggested, while in office, to keep a notebook of actions/updates that can be passed down to your successor.

Conflict of Interest Guidelines for IAEE Leadership Positions

The support for high standards of honesty, integrity, impartiality, and conduct of IAEE member representatives in leadership positions within the organization is essential to assure the proper performance of IAEE's responsibilities to the entire membership and the exhibition management industry.

For the purposes of these guidelines, an IAEE leadership position includes an officer, member of the Board, chapter officer, and committee member of IAEE, IAEE affiliate or subsidiary.

IAEE member representatives in leadership positions shall avoid any action which might result in, or create the appearance of, using an IAEE position for private gain. This will also include giving preferential treatment to any person or business; losing independence or impartiality; or, affecting adversely the confidence of the membership or the industry in the integrity of IAEE.

No IAEE member representative in a leadership position shall knowingly use his/her official position to participate in an official IAEE act, when such act would further, directly or indirectly, the IAEE leader's beneficial interest without a full disclosure of that fact prior to any official action.

The "beneficial interest" of an IAEE individual in a leadership position includes direct or indirect benefit to the individual, family, partners, company and/or employer, or others with whom the individual has financial or business ties.

An IAEE member representative in a leadership position shall not solicit, accept, or receive any compensation including any gift, gratuity, favor, entertainment, loan, or any other thing of monetary value nor shall he/she permit any such compensation to accrue to his/her beneficial interest from any source, the receipt or accrual of which would occur by virtue of influence improperly exerted from his/her leadership position.

An IAEE member representative in a leadership position shall not use any information obtained as the result of participation personally and substantially in an official IAEE act, for his/her beneficial interest, directly or indirectly.

An IAEE member representative shall not engage in, directly or indirectly, and financial or business

**SECTION 4:
MEMBERSHIP
PROCEDURES AND
ACTIVITIES**

Membership Overview

Who May Be a Member/Member Representative of a Chapter?

An organization that joins IAEE is automatically eligible for membership in their local IAEE chapter. All persons who are member representatives of an IAEE Chapter must be in good standing of IAEE.

A member representative (individual) may join as many IAEE Chapters as desired. The fee for joining additional chapters is \$35 per additional chapter.

Chapter Membership Dues

On a membership recruitment or renewal, IAEE will pay the chapter 10% of the IAEE membership dues collected. A description of the fees is sent to designated chapter leaders each month after the funds have been electronically deposited.

IAEE Membership Types

- **Industry Member** – Organizations, other than Event Facility Member, engaged in the exhibition and event industry, and is located or does business primarily in North America. Dues are based on Annual Revenues derived from the exhibition industry. This classification receives one vote per member organization.
- **Event Facility Member** – Organization, such as convention, conference, exposition center or hotel, which provide space for conducting exhibitions and buyer-seller events in North America. Dues are based on gross square footage of exhibition, conference, and meeting space. This classification receives one vote per member organization.
- **Industry Member Outside of North America** – Organization that meets the qualifications for Industry Member or Event Facility Member, except its established place of business is outside North America. Dues are based on a flat fee. This classification receives one vote per member organization.
- **Educator** – Individual or Organization - Currently defined as a Faculty Member, this is a member who is teaching or directing a program at a college or university. Regarding Faculty Membership for individuals employed as faculty in post-secondary academic programs, their main employment, remuneration, direction, and efforts must be in a recognized academic institution and they must be considered an employee with their institution.
- **Corporate Event or Exhibit Marketer** - For individuals or organizations that use or create experiential events to market programs, products and/or services to both business-to-business and business-to-consumer organizations. If the organization produces its own event, that would take precedence over Corporate Event or Exhibit Marketer, and they would then fall under the Industry Member category.
- **Other Memberships (Auxiliary, Student, Educator or Retired)** – Individuals that meet the qualifications for student, educator or retired members per the current IAEE bylaws. Dues are based on a flat fee. This classification is non-voting.
 - **Auxiliary Member** - An individual who has been a member of IAEE but is no longer employed in the exhibitions and events industry and wants to remain involved in the organization.
 - **Student Member** - A full time student at a college or university approved by the IAEE Board. Most Chapters elect to include Students in their chapter roster.

Placement Service

IAEE will extend a person's membership for 2 six month periods if that member becomes unemployed during membership. Appropriate paperwork must be submitted to IAEE Headquarters.

Honorary/Senior Member

IAEE no longer extends membership for Senior Members. The IAEE Board determines Honorary Membership.

Membership Retention

Keeping new members and member representatives after the first year of membership can be more difficult than getting them to join initially. There are no guarantees that once a member joins, they will continue to be a member for years to follow.

The programs and activities of the chapter and IAEE are instrumental in maintaining a continued partnership with your membership. Keeping members and member representatives interested and engaged is a challenge, but necessary for continued growth of the chapter and the Association.

Membership Dues Renewal

IAEE will include each individual's chapter dues at the time of the organization's annual IAEE renewal notices. Members representative are automatically enrolled in their local chapter.

Upon receipt of membership dues renewals, IAEE will electronically deposit 10% of the IAEE dues collected into the chapter's checking account for individuals who paid for their chapter. The chapter's financial deposit and statement will be delivered on or before the 18th of each month.

Chapter Monthly Membership Reports

Membership reports are sent to chapters on a monthly basis. Every effort is made to have the reports emailed to each Chapter's Board of Directors on or before the 15th of each month for the preceding month's activities. Electronic reports are sent in Excel format.

Here is a brief description of each report:

These members' dues have expired. We do allow a 30 day grace period before inactivating a membership record. If time allows, please contact them and encourage them to renew. Chapter Membership Benefits

There are many benefits to joining a local chapter. Membership at the local level is included in IAEE membership and can provide IAEE members and member representatives with important local programs, activities, and excellent networking opportunities.

Chapters provide:

- High-quality educational programs;
- Social functions, including luncheon and dinner programs, social mixers, golf outings.
- Chapter newsletters full of interesting and valuable information.
- Leadership opportunities
- Plus many more benefits that you have customized to fit the needs of your chapter members and member representatives.

Do you know what your members and member representatives are expecting from Chapter membership? Have you identified their needs and responded to those needs?

Below are some helpful suggestions in recruiting membership and overcoming objections:

- Conduct a chapter survey to determine what your membership wants and how you can meet their needs. Base your membership recruitment activities on the results of this survey.
- Communicate with your membership by publishing a chapter newsletter. Include news and educational information, testimonials and interesting facts about the chapter and exhibition industry.
- Publish an annual report reminding membership of everything the chapter did for them in the past year and what is planned for the coming year.
- Telephone new member representatives welcoming them to the chapter. Ask if they have any questions about their chapter membership.
- Have your Board welcome new members and member representatives to the chapter.
- Rotate chapter activities to other cities/states, if possible.
- Identify and recruit potential chapter leaders located away from the primary membership concentration who have exhibited leadership skills. Get them involved at the chapter level and groom them to be a local contact.

Membership Renewal

It costs five to six times more to recruit a new member than it does to keep an existing one. Below are suggestions for membership retention:

- Conduct a chapter survey of members not renewing their IAEE membership to determine why they made this decision.
- Set chapter goals for membership.
- Telephone expiring member representatives and discuss the benefits of chapter membership. Secure their commitment to renew.
- Send personalized renewal confirmation letters, or better yet, contact renewing member representatives by telephone and follow-up with a letter.

**SECTION 5: CHAPTER
FINANCIAL,
RECORD KEEPING,
AND TAX
INFORMATION**

Ensuring Fiscal Responsibility

Chapter finances must be among the chief concerns of chapter officers and executives. Chapter membership entrust their leaders with the management and administration of the chapter dues they pay. They want to see a return on their investments in the form of chapter activity and to know that chapter funds are spent and managed wisely.

Chapter Financial Records

Chapter leaders must focus on accurately tracking revenues and expenses. This requires maintaining important chapter records, filing requirements, and bookkeeping procedures, and compliance with tax laws.

If there is not a chapter office or other permanent location for chapter files, the financial records should be transferred smoothly from current officers to new officers when elected.

The transfer of records can occur at the annual meeting when elections are held or in a special meeting scheduled between incoming and outgoing officers. The chapter may want to rent storage space from year to year for older (over 3 years old) files. New officers would receive current files from the outgoing officers plus keys to the storage facility. All chapter records, including copies of the charter, bylaws, and articles of incorporation or articles of organization, should be reasonably accessible to chapter membership.

Permanent records and other important records must be stored in a safe place and kept current.

Permanent records include:

- Chapter charter issued by IAEE
- Chapter bylaws (current)
- Chapter articles of incorporation or articles of organization
- IAEE bylaws
- Minutes of previous board and membership meetings
- Federal and state tax returns and related documents
- Payroll tax returns (if chapter employs staff)
- Audit reports (if one has been done)

Other important records include:

- Paid Bills
- Financial ledger books / records
- Contracts and agreements, including insurance policies'
- Important correspondence
- Bank statements, canceled checks, and reconciliations
- Property rental / ownership records
- Financial statements
- Chapter account statements

Recommended Record Filing System

The purpose of this section is to offer some tips on setting up and maintaining your Chapter files. The probability is that your Chapter doesn't save enough things or you save too much of the wrong things.

Three of the biggest challenges faced by virtually every Chapter are:

- Lack of a fixed file location
- The change-over of secretaries every 2-3 years

- Making the decisions as to what and what not to keep.

Very often the latter decision is never made until the Secretary's files reach such monumental proportions that things have to be cleaned out by wholesale "round-filing", which often results in some things being pitched out that shouldn't be.

The trick in good filing is to establish a system requiring relatively simple procedures, so that it can be kept up easily and turned over to the new secretary with a minimum of instructions and trouble.

In those years when a new secretary is elected, filing operations should be done by the outgoing secretary before the end of the term.

Also, the outgoing secretary should meet with the new secretary for a quick hands-on training session to transfer the permanent and current files and give the new secretary a briefing on duties and the filing system. (A single page summary of the filing system is helpful).

Setting Financial Guidelines

Chapter treasurers and other officers serve two roles in dealing with chapter finances: a fiduciary role and a custodial role. Their fiduciary responsibility assures the safekeeping of chapter assets – making sure funds are invested wisely and spent only on productive activities that support the chapter's tax exempt purposes. The custodial duties require oversight of the chapter's financial transactions. These custodial duties include maintenance of the chapter's important records, establishing financial policies and guidelines, and communication of the chapter's financial condition.

Before a budget or an accounting system can be developed, chapter leaders must discuss and adopt a set of financial guidelines and controls that spell out acceptable policies and procedures.

Consideration should be given to the following areas:

Fiscal Policies

Before adopting policies, these questions need to be answered:

- Who handles receipts and how?
- Where is the money deposited?
- Who approves expenditures and how?
- What documentation is required for expenditures?
- Who can sign checks?
- Is it clear that chapter monies must be in a separate chapter account and not mixed with an individual's personal or business account?
- How often should financial reports be prepared? And by whom?
- Will the chapter use cash or accrual accounting?
- Will the chapter defer dues revenue or recognize it as revenue when received?
- Should the chapter be audited? If yes, how often?
- How are officers reimbursed for travel?

Cash Accountability and Check Handling Procedures

The chapter can do a number of things to create the proper checks and balances on the spending and accounting of chapter funds. The complexity of these financial control procedures depends, in part, on the dollar amounts the chapter handles.

One of the simplest things the chapter can do to monitor expenditures is to require two signatures on checks over a set amount from the chapter account. This safeguard will guarantee that payments are reviewed. The amount set will depend on the chapter's budget, but consider \$250 or \$500 as possible

benchmarks. If the chapter requires two signatures, designate three authorized signers with the bank in case of emergency, illness, or death.

In chapters with executive directors or administrators responsible for day-to-day office management, double signatures may be unnecessary. Checks written by the chapter treasurer or office executive may only need a monthly or quarterly review of bank and financial statements by a board member representative or finance committee.

Bookkeeping

Keeping track of chapter receipts and expenditures is necessary. If finances are complex, a formalized accounting system is helpful. Smaller chapters may only need to maintain an accurate checkbook. Whatever method is chosen, **keep these records – and make sure they are transferred appropriately when a new treasurer is elected.** Each treasurer must ensure that an effective bookkeeping system is in place.

Other Accounting Issues

Financial Statements

Accurate, timely, and understandable financial statements are an important tool to safeguard the chapter's financial stability and integrity.

Audits

An outside audit firm will report directly to the chapter's board of directors on issues determined and requested by the board.

An audit may include:

- Method of accounting
- Internal control
- Reports
- Investments
- Insurance
- Compensation
- Restricted funds
- Inventories
- Tax compliance

An audit can be expensive. The scope of the audit as directed by the board will affect the amount of time required and the cost.

Employer ID Number (EIN)

Each chapter must have their own EIN. A Federal Tax ID number, referred to as an "Employer Identification Number" (EIN), can be obtained by filing IRS Form SS-4. Although referred to as an employer identification number, it is not necessary to have employees in order to receive a number. The form is available from any IRS District Office or at www.irs.gov.

Incorporation

Chapters may choose to incorporate and if so, may do so under the laws of one of the states in which they operate.

Tax Advice

The best source of advice about chapter taxes is a qualified accountant knowledgeable in the affairs of tax-exempt organizations. Even though a qualified accountant is the best source, chapter leaders need

to know the basic compliance requirements of tax-exempt organizations.

Tax Exempt Status

IAEE is a tax exempt organization under Section 501(C)(6) of the Internal Revenue Code.

- **IAEE chapters must file for their own tax-exempt status.**

To apply for recognition of tax-exempt status, the chapter must send:

- A completed Form 1024 (to file as a (c)(6) or a Form 1023 (to file as a (c)(3).
- Form SS-4, Application for Employer Identification Number (EIN). Use this form ONLY if the chapter does not already have an EIN.
- Form 2848, Power of Attorney to authorize the representative completing the application to work with the IRS. This form is needed if the representative is NOT a chapter officer.
- A conformed (attested) copy of the organizing document(s). This is usually the Articles of Incorporation. If not incorporated, then chapter should have Articles of Organization on file.
- A copy of the most recently adopted chapter bylaws.

Additional information may be requested by the IRS. In addition to any fees paid to an accountant or attorney who prepares the filing, there are filing fees that must be paid to the IRS with the application.

State and Local Reporting Requirements

State and local tax requirements will vary from location to location, and what the chapter owes in federal/state/local taxes depends on the types and amounts of revenue they generate.

Individual and Organizational Penalties

If filing and other requirements are not met, the most severe penalty assessed will be the revocation of your tax-exempt status. Care must be taken to ensure all filings are accurate and timely.

It is important to remember that not only is the organization subject to penalties for late filings and/or failure to file tax returns, but the individuals responsible for the filing may be subject to penalties also. Board member representatives are typically considered responsible parties.

- **If a chapter receives any type of form from the IRS; action must be taken by the chapter. Please contact IAEE's CFO, Scott Stanton, at sstanton@iaee.com for assistance.**

Federal Reporting Requirements

Form 990 (Return for Organizations Exempt from Income Tax)

Form 990 is an information return required by federal tax code if an exempt organization has "average" (special rules) gross receipts of more than \$25,000 per fiscal year. 501(c)(6) organizations must also file a Schedule A to the 990.

Form 990 EZ

This is a short version of the Form 990 that can be filed if (1) there is less than \$100,000 in GROSS receipts, AND (2) there is less than \$250,000 in assets at year end.

Form 990T (Exempt Organization Business Income Tax Return)

Form 990T is a tax return required by federal tax law from exempt organizations that have Unrelated Business Income (UBI). UBI is generated by activities that are not substantially related to accomplishing the purpose for which the exempt status was granted. Examples include mailing label, novelty item sales, and commercial advertising. The first \$1,000 of UBI is not taxable. Only net amounts over \$1,000 create a tax liability.

Withholding Tax / Reporting Requirements

If the chapter employs staff, check with a local attorney or accountant to verify compliance with all payroll requirements.

Non-Staff Service Payments

All payments for services in excess of \$600 per year to non-employees (i.e., not salary or wages) are subject to an Information Return filing in the 1099 series. The chapter should receive a Form W9 from the provider prior to making any payments.

Form 1096 (transmittal document for Forms 1099) and Forms 1099-Misc (both to IRS and recipient)

These are required (there are exceptions). The chapter should identify all payments over \$600 (cumulative for the year) and ensure required forms are filed timely.

Chapter Financial Reports

IAEE Chapter Bylaws requires that each chapter submit a Financial Report twice year: no later than February 15th and August 31st. The financials needed are Balance Sheet and Profit and Loss Statement.

Your chapter can provide this using a software program, such as Quicken.
